### TIPS:

DO NOT go into attractions with long running times without taking kids for a bathroom break first!

Buy Universal souvenirs ahead of time for your kids (from Target, Amazon, Dollar Tree, etc.) and package them up for your trip. If you want, in the middle of the night, leave a souvenir by each kid's bed (perhaps their favorite Universal Character left it! Maybe with a note from that character wishing them a great day! Hopefully, your child won't feel the need to buy souvenirs that day because they already received one, AND you don't spend a fortune on souvenirs!

### PACKING

If you are flying to Orlando, pack in your carry-on a bathing suit and one outfit per person. Depending on when you arrive, it may take a few hours until your room is ready. This way you can still go swimming if you want, or change your clothes after the plane ride. The resort can hold your luggage until your room is available.

Don't forget your sunscreen, and then don't forget to reapply if you are sweating in the summer.

If you want, purchase hand-held spray fans to help keep cool during the hot & humid summer months. They're \$20 if you buy them there.

Don't forget to bring sweatshirts or sweat jackets for cool evenings in the fall and winter. Sweatshirts in the parks are expensive! – check the weather first.

Bring a portable cell phone charger. The apps/pictures can use up your battery.

## RAIN RAIN GO AWAY

Buy rain ponchos **before** you leave to bring with you. There can be brief, but drenching thunderstorms that you don't want to be caught in. Plus, the parks don't close in the event of rain, though some individual rides may. Rain ponchos at the park are VERY expensive!

## SAFETY

Make a copy, or take a picture with your phone, of your ID, important documents, and any credit cards you may bring with you. This is to ensure that you have the telephone numbers and other information needed to report a lost or stolen card.

Each morning take a picture of your child/children. This is in case you get separated or lost from one another. You then have a photograph with what they look like and what they are wearing that day.

## STROLLERS:

I recommend bringing your own so it doesn't look like everyone else's.

However Single-day and multi-day stroller rentals are available at all Disney Theme Parks. Look for the stroller symbol on each Disney Theme Park Guidemap, available at the Park entrances. Strollers cannot be pre-rented from the park.

You can also rent from outside companies such as <https://www.orlandostrollerrentals.com/> (Beach Bum Vacation does not endorse this company specifically, but overall this company does get good reviews online.)

## ORLANDO GROCERY EXPRESS:
